About POLYPROPYLENE PLASTIC MOULDS

We are a reputed manufacturer of top class polypropylene plastic moulds for designer tiles and paving blocks. As a manufacturer our business does not end with the sale of our moulds. We provide total solution to this industry from the procurement of machines, moulds, supply of chemicals and pigments and also give reliable technical support to start and run the business. Our business continues even after the successful launching of our customer's products. We will be with them all along with continued technical and consultancy service. We introduce new and innovatively designed moulds of contemporary taste from time to time. We also suggest creative spreading patterns for each mould or mould combinations.

PRODUCT FEATURES

- * Made with 100% virgin plastic raw materials.
- * Innovative and creative designs.
- * Smooth inner layer transfers all the intricate designs to the tile / paver blocks.
- * Easy to de-mould, compared to other polypropylene plastic mould.
- * Best in class life span .
- * Machines for paver blocks / tile production for overseas customers.
- * Setting chemicals pigments and acrylic polish for start up units.
- * Most reliable technical service and consultancy.
